Objectives	#5 Housing and Neighborhoods: Objective: Enhance quality of place	16
	for Neighborhoods and Development	

Synopsis and Legislative Intent (brief description of amendment and its motivation)

This amendment reduces the maximum height of R2 buildings from 40 feet to 35 feet. Virtually all R2 buildings are presently two story houses at most. The proposed 40' max would allow three story (or even short four story buildings, which would radically change the quality and character of R2 neighborhoods. Reducing the max height to 35' would still permit a two story duplex and triplex structure.

Council Action – [Date]:

E.g., Except for as necessary for the development of the Convention Center site, discourage large footprint buildings (i.e. with a maximum size greater than of a quarter of a block) in order to encourage local developers and businesses and better urban form create a more pedestrian-friendly public realm.

Objective 05 Vision Statement	<u>"Enhance Quality of Place for Neighborhoods and Development"</u>	16
	"Ensure all development activity makes a positive and lasting community contribution."	14

Synopsis and Legislative Intent (brief description of amendment and its motivation)

This amendment would change the approval of fourplexes, multifamily dwellings and live/work dwellings in a Residential Multifamily (RM) district from a permitted to a conditional use. The Residential Multifamily (RM) zone still contains many single family homes and single family forms that have become multifamily. The higher density forms that are fine in Residential High-Density Multifamily (RH) could have negative consequences in the RM zones. Conditional use still allows their use but the application will have a chance of being more context sensitive with a public process that the conditional use provides.

Council Action - [Date]:

E.g., Except for as necessary for the development of the Convention Center site, discourage large footprint buildings (i.e. with a maximum size greater than of a quarter of a block) in order to encourage local developers and businesses and better urban form create a more pedestrian-friendly public realm.

This amendment is propose	d by Cm. Sandberg at the request of staff. The amendmen	t further						
	rd for group care homes to reflect a typical block length, w							
feet. The existing UDO spac	ing standard for group care homes is 3,000 feet and the d	raft UDO is						
	posed in order to be consistent with the federal Fair Hou	sing Act						
Amendments of 1988 (FHA	A).							

E.g., Except for as necessary for the development of the Convention Center site, discourage large footprint buildings (i.e. with a maximum size greater than of a quarter of a block) in order to encourage local developers and businesses and better urban form create a more pedestrian-friendly public realm.

20.03.30 Use-Specific Standards

(b) Residential Uses

(10) Group Care Home, FHAA (Small and Large) & Opioid Rehabilitation Home, (Small and Large)

- (A) Group homes for the exclusive use of citizens protected by the provisions of the federal Fair Housing Act Amendments of 1988 (FHAA), as defined in that Act and interpreted by the courts, or by any similar legislation of the State of Indiana, may be established in any Residential zone district or portion of a Mixed-Use zoning district or PD district that permits residential dwellings, provided that they meet the definition of "small" and "large" facilities in Error! Reference source not found.Error! Reference source not found.) and are located in zoning districts where facilities of that size are allowed pursuant to Table 3-1, and subject to the licensing requirements of the state and the City of Bloomington.
- (B) In the MN and R4 zoning districts, group homes shall not be designed for or occupied by more than 20 residents living together.
- (C) No Group Care Home shall be located within 500 300 feet of any other Group Care Home.
- (D) No Opioid Rehabilitation Home shall be located within 500 300 feet of any other Opioid Rehabilitation Home
- (E) Where minimum spacing is required by subsections (B) and (C) above, the distance shall be measured from the nearest property line of the property from which spacing is required to the nearest property line on which the group home will be located, using a straight line, without regard to intervening structures or public rights-of-way.

6	Goal 6.4 Prioritize Non-Automotive Modes	75

Synopsis and Legislative Intent (brief description of amendment and its motivation)

This amendment is sponsored by Cm. Volan and adjusts provisions related to maximum parking requirements. The amendment replaces the term "requirement" with the terms "allowance" or "limit" to better reflect that the maximum parking standards contained 20.04.060(e) are the maximum allowed amounts of parking for the listed land uses. It replaces many of the specific maximum parking allowances with a standardized default parking allowance, with different default parking allowances for residential and nonresidential uses. The amendment adds a default parking allowance chart, which reduces the default parking allowances for residential and nonresidential uses by specified amounts each year for 20 years after the effective date of the UDO. The purpose of this amendment is to promote density, reduce the amount of land dedicated to surface parking, and to encourage non-automotive modes of transportation.

Council Action - [Date]:

Amendment (indicate text added in **bold** and text to be deleted via strikeout)

20.04.060 Parking and Loading

(e) Maximum Vehicle Parking Requirement Allowance

In no case shall any land use or development subject to this Section 20.440.30 20.04.060 provide more than the maximum number of vehicle parking spaces required allowed for each land use listed in Table 4-10: Maximum Vehicle Parking Requirements Allowances.

(1) Default Parking Allowance - Residential

The default parking allowance for residential uses subject to the default parking allowance chart in 20.04.060(e)(3). This allowance applies to residential uses, unless a different allowance is specified in Table 4-10 for that particular residential use.

(2) Default Parking Allowance - Nonresidential

The default parking allowance for nonresidential uses subject to the default parking allowance chart in 20.04.060(e)(3). The term "nonresidential uses" includes the following uses: public, institutional, and civic uses; commercial uses; employment uses; utilities and communication; accessory uses; and temporary uses. This allowance applies to nonresidential uses, unless a different allowance is specified in Table 4-10 for that particular nonresidential use.

(3) Default Parking Allowance Chart

The default parking allowances for residential and nonresidential uses will be reduced each year after [Effective Date] pursuant to the following schedule. If the number of spaces allowed pursuant to the default parking allowance chart results in a fractional number of spaces allowed, then the parking allowance will be rounded up to the nearest whole number of spaces.

DEFAULT PARKING ALLOWANCE CHART			
YEAR	DEFAULT ALLOWANCE - RESIDENTIAL	DEFAULT ALLOWANCE - NONRESIDENTIAL

(h) Adjustments to Maximum Parking Requirements Allowance

No use shall provide vehicle parking spaces in an amount exceeding the maximum established in Table 4-10: Maximum Vehicle Parking Requirements Allowances, unless approved by the City Planning and Transportation Department based on the following:

- (1) The proposed development has unique or unusual characteristics that typically do not apply to comparable developments, uses, or combinations of uses, such as high sales volume per floor area or low parking turnover, that create a parking demand that exceeds the maximum ratio;
- (2) The petitioner submits a parking demand study demonstrating that anticipated off-street vehicle parking demand for the proposed development, use, or combination of uses will be more than that calculated from Table 4-10: Maximum Vehicle Parking Requirements Allowances, and the City Planning and Transportation Department determines that the information and assumptions used in the study are reasonable and that the study accurately reflects maximum reasonably anticipated off-street vehicle parking demand for the proposed development, use, or combination of uses; and
- (3) Any parking provided above the maximum required in Table 4-10: Maximum Vehicle Parking Requirements Allowances is constructed in a parking structure or with approved pervious surfaces.

Note: This amendment authorizes staff to update any citations outside of 20.04.060 that reference amended sections or tables within 20.04.060 as a result of this amendment.

E.g., Except for as necessary for the development of the Convention Center site, discourage large footprint buildings (i.e. with a maximum size greater than of a quarter of a block) in order to encourage local developers and businesses and better urban form create a more pedestrian-friendly public realm.

20.04.070 Site and Building Design

(c) MD District

(1) Generally

Notwithstanding subsections (d) and (e) below, all construction activity shall be subject to the design standards set forth in the applicable Downtown Character Area as specified in Section 20.02.030(g) (MD: Mixed-use Downtown) and Section 20.02.060(a) (DCO - Downtown Character Overlay District).

(2) Street Lighting Plans in the MD District

All certified street lighting plans proposed for the MD district shall be consistent with the design recommendations of the City of Bloomington Downtown Vision and Infill Strategy Plan and shall comply with the following:

(A) Generally

- (i) Pedestrian scaled street lighting shall be provided as approved by the Board of Public Works.
- (ii) Pedestrian scaled street lighting shall not exceed 15 feet in height.

(B) Lighting Fixture Styles

- (i) Lighting fixture styles shall generally conform to the prevailing pattern of street lighting found on adjacent properties and street block faces.
- (ii) All pedestrian scaled street lighting in the MD district shall be of a traditional design style (gas lamp, acorn, or similar decorative style) except as otherwise provided below.
- (iii) Properties in the following Downtown Character Overlays may use traditional or contemporary design styles:
 - 1. Downtown Core;
 - 2. University Village (excluding Kirkwood Corridor and Restaurant Row);
 - 3. Downtown Gateway; and
 - 4. Showers Technology.

Vision	* Ensure all land development makes a positive and lasting	12
Statement	community contribution.	

Synopsis and Legislative Intent (brief description of amendment and its motivation)

Sometimes the design regulations force architectural outcomes that may have been better if the design were left to the architect. Arbitrary variations are sometimes a positive, but sometimes create outcomes that may be regrettable and avoidable. This amendment would give architects more creative freedom.

Council Action - [Date]:

- over -

Amendment:

20.04.070 Site and Building Design

(d) Building Design

(1) Mixed-Use and Nonresidential

The Planning and Transportation Director may retain an independent third party consultant to review any proposed building design in order to assist with review of compliance with the standards in this section, 20.04.070 (d). Where the decision on an application is made by the Plan Commission or City Council (as shown in Table 6-1), the consultant may offer alternative compliant design option(s) that addresses each element of building design addressed in this section 20.04.070(d). The body making the final decision on the application may approve some or all of the suggested design options if it determines that the suggested option:

- Significantly enhances the visual appeal of the building;
- Significantly enhances the perceived quality of the building facades visible from public streets;
- Creates no adverse impacts on surrounding properties beyond those that would be permitted if the standards in this Section 20.04.070(d) were applied; and
- Strengthen the public-private interaction at the street level.

(A) Applicability

The following standards shall apply to parcels in the MN, MM, MC, ME, MI, and MH zone districts.

(B) Exceptions

Single-family detached, duplex, triplex, and fourplex dwellings shall not be subject to the architectural standards of this Section 20.01.010(a)(1). Such residential dwelling units shall be subject to the architectural standards in Section 20.04.70(d)(2).

(C) Materials

All facades of a primary building shall consist of one or more of the following materials:

(See Am 29 – Adopted on 19 November 2019)

(D) Exterior Facades

All facades of a primary building shall incorporate three or more of the following design elements every 40 feet to avoid blank, uninterrupted walls:

- i. Awning or canopy;
- ii. Change in building facade height (minimum of five feet of difference);
- iii. A regular pattern of transparent glass constituting a minimum of 50 percent of the total wall/facade area of the first-floor facade/elevation facing a street;
- iv. Wall elevation recesses and/or projections, the depth that are at least three percent of the horizontal width of the building façade.

(E) Patterns

All facades of a primary building visible from any roadway shall contain the following color and texture changes:

- i. Facades shall consist of at least one primary and one secondary color.
- ii. At least one of these elements, either texture or color, shall repeat horizontally across the facade.
- iii. Variations in texture and color elements shall repeat vertically a minimum of every 30 feet.

(F) Eaves and Roofs

Buildings with sloped roofs (those greater than 3:12 pitch) visible from any roadway shall contain overhanging eaves, extending no less than two feet past the supporting walls. Flat roofs (those less than 3:12 pitch) shall include a parapet on supporting walls.

(G) 360-Degree Architecture

1	Policy 1.1.2: Continue and enhance programs that embrace Bloomington's diversity of cultures, languages, gender orientations, and abilities, and support populations that have traditionally been excluded.	28
1	Policy 1.5.3: Implement infrastructure plans and projects that anticipate growth and reduce community vulnerability.	29
5	Policy 5.2.7: Encourage the addition of visitability and accessibility features, where practicable, and where not otherwise required, in all single family and multi-family residential new housing construction and modification	64

Synopsis and Legislative Intent (brief description of amendment and its motivation)

Council Action – [Date]:

E.g., Except for as necessary for the development of the Convention Center site, discourage large footprint buildings (i.e. with a maximum size greater than of a quarter of a block) in order to encourage local developers and businesses and better urban form create a more pedestrian-friendly public realm.

20.04.070 Site and Building Design

New subsection (f) Universal Design

- (1) In multifamily residential buildings and student housing and dormitory buildings constructed after [insert effective date here] that contain more than 25 dwelling units, at least 20 percent of the dwelling units shall incorporate at least two of the following elements of "universal design":
 - a. At least one entrance at grade level and not requiring any steps up or down or a ramp for entry;
 - b. All interior doorways with at least 32-inch wide openings;
 - c. At least one bathroom with 32-inch counter height;
 - d. At least one bathroom with wall reinforcements for handrails; and/or
 - e. All light switches installed between 44 and 48 inches in height.

20.05.050 Subdivision Design Standards

New subsection (I) Universal Design

- (1) In subdivisions or phases of subdivisions approved after [insert effective date here] that contain more than 25 lots designed to accommodate single-family detached or single-family attached dwellings, at least 20 percent of the dwelling units shall incorporate at least two of the following elements of "universal design":
 - a. At least one entrance at grade level and not requiring any steps up or down or a ramp for entry;
 - b. All interior doorways with at least 32-inch wide openings;
 - c. At least one bathroom with 32-inch counter height;
 - d. At least one bathroom with wall reinforcements for handrails; and/or
 - e. All light switches installed between 44 and 48 inches in height.
- (2) For purposes of determining the applicability of the 25 lot threshold, this subsection k, the Planning and Transportation Director may determine that a proposed subdivision or phase of a subdivision is a part of an earlier, adjacent, subdivision or phase of a subdivision in common or related ownership. If that determination is made, the two subdivisions or phases of subdivisions shall be treated as one, and the requirements of subsection 1 above shall apply to 20 percent of all lots in the two combined subdivisions or phases of subdivisions.

(f) Street Trees

(1) Number

A minimum of one canopy tree shall be planted per 40 feet of property that abuts a public right-of-way or 20 feet for small trees under overhead utility lines.

(2) **Type**

Street tree species shall be subject to approval by the City's Urban Forester based on hardiness, seasonal appearance, and contribution to shading and cooling.

Ordinance 19-24: To Repeal and Replace <u>Title 20</u> (linked) of the Bloomington Municipal Code entitled "Unified Development Ordinance"

Please complete all fields indicated in <u>yellow</u>.

	(e.g., Overview, Goals & Policies, or Programs)	
5	2013 Vision Statement: "Meet basic needs and ensure self- sufficiency or	63
	all residents."	

Synopsis and Legislative Intent (brief description of amendment

In two recent cases, a fence that was requested along an arterial street was turned down and the rules would have placed the fence ten feet in from the property line. This put the fence in the yard in such a way as to make it impractical or give up a large area of the usable yard. In a second recent case, a fence was to be up against the sidewalk, as is common in the core neighborhoods. The owner wanted six feet to keep his large dog safely inside the yard. These rules prevented both desired outcomes without a clear public good resulting from the decision. This amendment allows fences along the frontage of the secondary front building wall in R3 districts to be built to the property line, except where there is an easement which prohibits the fence and no permission has been granted by the easement holder and except where located in the vision clearance triangle. In addition, the maximum height of these fences is eight feet.

Council Action – [Date]:

20.04.080 Landscape, Buffering, and Fences

(n) Fences and Walls

(2) Fence and Wall Location

- (A) Fences and walls shall be permitted up to the property line.
- (B) No fence or wall shall be located within a public or private easement unless written permission from the easement holder has been granted.

(3) Fence and Wall Height

(A) Interior Lots

- i. Behind the front building wall of the primary structure, fences and walls shall not exceed a combined height of eight feet. Note: this text does not reflect changes made with the adoption of Am 33 as Amended on November 20th. These changes allowed for fences as high as 12 feet (with "open construction" for portions over 5 feet in height) if intended for the purpose of protecting food gardens.
- Forward of the front building wall of the primary structure, fences and walls shall not exceed four feet in height.

(B) Corner Lots

On corner lots where the structure has two front building walls, one frontage shall be considered a secondary front building wall.

- i. Fences and walls along the front setback of the front building wall shall comply with Section 20.01.010(a)(1)(A).
- ii. Except as provided in (B) iv, # fences and walls along the lot frontage of the secondary front building wall, shall not exceed four feet in height forward of the build to line or the building setback line, whichever applies.
- iii. Behind the build to line or front building setback line, on the secondary front building wall, fences and walls shall not exceed eight feet in height fadded by Am 33: "unless for purposes of growing food, in which case the fence height may be up to twelve feet. The portion of the fence that exceeds five feet in height shall, by use of voids and solids via latticework or other similar techniques, be of open construction. This portion of the fence shall be constructed of materials widely accepted in the fence industry for garden protection."
- iv. In the R3 district, fences and walls along the lot frontage of the secondary front building wall shall comply with 20.04.080(n)(2) (Fence and Wall Location) and and those fences and walls located forward of the build to or front building set back line, whichever applies, shall not exceed eight feet in height.
- *vi The portion of fences up to and between the build to line/building setback line and the Fences and walls along the lot frontage of the secondary front building wall that exceed five feet in height, shall, by use of voids and solids via latticework or other similar techniques, be of open construction. This portion of the fence shall be constructed of materials widely accepted in the fence industry for permanent opentopped fencing.
- iv. Any determinations as to the secondary front building wall shall be decided by the City Planning and Transportation Department.

(C) Through Lots

On through lots where the structure has two front building walls, one frontage shall be considered a secondary front building wall.

- i. Fences and walls along the front setback of the front building wall shall comply with Section 20.01.010(a)(1)(A).
- ii. Fences and walls greater than four feet in height, along the lot frontage of the secondary front building wall, when adjacent to a neighborhood street or secondary collector street, shall meet the building setback.

- iii. Fences and walls greater than four feet in height, along the lot frontage of the secondary front building wall, when adjacent to a primary collector street or arterial street, shall be set back at least 10 feet from the property line.
- iv. The portion of fences up to and between the build to line/building setback line and the secondary front building wall that exceed five feet in height, shall, by use of voids and solids via latticework or other similar techniques, be of open construction. This portion of the fence shall be constructed of materials widely accepted in the fence industry for permanent open-topped fencing.
- Where no primary structure exists on the parcel, fences and walls shall not exceed four feet in height.

For Reference Only

(2) Fence and Wall Design

(A) Prohibitions

Except in the EM zone district, the following shall be prohibited from use as a component of a fence or wall:

- i. Barbed wire:
- ii. Security wire;
- iii. Sharpened top spikes;
- iv. Electrified wires; and
- v. Other similar elements or materials.

(B) Orientation

Fences and walls shall present the nonstructural face outward towards adjacent parcels and any adjacent public right-of-way.

(C) Vision Clearance

Fences and walls shall meet all vision clearance standards in Section Error! Reference source not found. (Error! Reference source not found.).

Ordinance 19-24: To Repeal and Replace <u>Title 20</u> (linked) of the Bloomington Municipal Code entitled "Unified Development Ordinance"

Synopsis and Legislative Intent (brief description of amendment and its motivation)

_	
	This amendment is proposed by Cm. Sandberg at the request of staff. The amendment removes the reference to the use variance process as the City is attempting to move away from such a process.

Council Action - [Date]:

Amendment Number:

20.06.080(b)

20.07.010

Amendment (indicate text added in **bold** and text to be deleted via strikeout)

E.g., Except for as necessary for the development of the Convention Center site, discourage large footprint buildings (i.e. with a maximum size greater than of a quarter of a block) in order to encourage local developers and businesses and better urban form create a more pedestrian-friendly public realm.

316-317, 319-321

396

(3) Multifamily

- (A) Multifamily developments containing between three and 14 dwelling units shall be permitted one wall sign not to exceed 24 square feet per development.
- (B) Multifamily developments containing at least 15 dwelling units shall be permitted:
 - i. One freestanding sign per development vehicle entrance, not to exceed 32 square feet per side in maximum sign area and not to exceed six feet in height; and
 - ii. One wall sign per building not to exceed 24 square feet each.

(4) Conforming Nonresidential Uses

For any nonresidential use approved as a permitted use, <u>or</u> conditional use, <u>or use variance</u>, the provisions of Section 20.04.100(k) shall apply. These provisions may be modified by action of the Board of Zoning Appeals as part of a conditional use <u>or use variance</u> approval.

(5) Legal Nonconforming Multifamily Residential Uses

Legal nonconforming multifamily residential uses in single family zoning districts with at least three units shall be permitted wall signage not to exceed 10 square feet in area but shall not be permitted any freestanding signs. This subsection supersedes Section 20.04.100(i)(3)(A).

(6) Legal Nonconforming Nonresidential Uses

Legal nonconforming nonresidential uses shall be permitted:

- (A) Wall signage not to exceed 10 square feet in area and:
- (B) On lots with less than 30 feet of street frontage, no additional freestanding signs; and
- (C) On lots with 30 feet or more of street frontage, one additional freestanding sign not to exceed 12 square feet in maximum area per side, and not to exceed four feet in height.

(7) Illumination

Signs within residential districts shall not be internally illuminated.

(8) Window Signs

Window signs are not permitted for residential uses.

(9) Temporary Signs

In addition to the temporary signs exempted under Section 20.04.100(c)(2)(C), conforming nonresidential uses and multifamily structures with at least 15 dwelling units are permitted to display temporary signage provided that the temporary signs comply with the following standards:

- (A) All temporary signs shall receive a sign permit from the City Planning and Transportation Department before being displayed;
- (B) A maximum of three temporary signs per display period described below are permitted;
- (C) Temporary sign types shall be limited to freestanding portable signs or materials not prohibited in 20.04.100(e)(8);
- (D) Temporary signs shall not exceed 16 square feet in area per side;
- (E) Freestanding temporary signs shall not exceed six feet in height; and
- (F) External illumination of temporary signs is prohibited.
- (G) Display of temporary signs shall be permitted for a maximum of three periods of up to 30 days per period, per calendar year. These permitted periods may be combined into one or two periods per year provided that the total display period does not exceed 90 days.

(2) Conflicts

- (A) Pursuant to Indiana Code § 36-7-4-223, a member of the Common Council may not participate in a hearing or decision of the Common Council concerning a zoning matter in which he or she has a direct or indirect financial interest. The Common Council shall enter in its records the fact that its member has such a disqualification. As used in this section, "zoning matter" does not include the preparation or adoption of a Comprehensive Plan.
- (B) A member of the Plan Commission or the Common Council may not directly or personally represent another person in a hearing before the Plan Commission or Common Council concerning a zoning matter.

(c) Plan Commission

(1) Jurisdiction and Authority

The Plan Commission shall have the following jurisdiction and authority subject to the provisions of this UDO and the applicable provisions of the Indiana Code.

- (A) To initiate, hear, review, and certify recommendations to the Common Council on replacement or amendment of the Comprehensive Plan and this UDO, including the Official Zoning Map;
- (B) To hear, review, and make recommendations to the Common Council on the PUD district ordinance and preliminary plan for a proposed Planned Unit Development. When stipulated by the Plan Commission at the time of preliminary approval, to review and approve the final plan for a Planned Unit Development, unless the Plan Commission has delegated that authority to the Planning and Transportation Department;
- (C) To authorize a Hearing Officer pursuant to Indiana Code 36-7-4-923, and to establish rules prescribing and limiting the authority and procedures therefore pursuant to Indiana Code 36-7-4-923 and Indiana Code 36-7-4-924;
- (D) To hear, review, and make recommendations to the Board of Zoning Appeals on use variance petitions involving multifamily or nonresidential uses;
- (E)(D) To review and approve or disapprove site plans and amendments to site plans, as required pursuant to Section 20.06.050(a) (Site Plan Review), including the power to approve with conditions, to permit or require commitments, and to require bonding or other financial assurances for public improvements;
- (F)(E) To aid and assist the Common Council and the mayor in implementing the City's adopted Comprehensive Plan and in planning, developing, and completing specific projects;
- (G)(F) To review and report on any matters referred to it by the Common Council or the mayor;
- (H)(G)Upon reasonable written request, to make its special knowledge and expertise available to any official, department, board, or commission of the city to aid them in the performance of their respective duties relating to the planning and development of the city;
- (()(H) To delegate responsibilities relating to ordinance administration and enforcement to the staff and to other appropriate executive departments and personnel;
- (1)__To review and approve or disapprove plats and replats of subdivisions;

- (K)(I) To supervise and make rules for the administration of the affairs of the Plan Commission, including but not limited to adopting and maintaining a schedule of uniform fees for permits, processes and official actions of the Common Council and the Planning and Transportation Department;
- (L)(K) To prescribe uniform rules pertaining to investigations and hearings;
- (M)(L) To keep a complete record of all proceedings;
- (N)(M) To record and file all bonds and contracts and assume responsibility for the custody and preservation of all papers and documents of the Plan Commission;
- (O)(N) To prepare, publish, and distribute reports, ordinances, and other materials relating to the activities authorized under this Chapter 20.06;
- (P)(O) To adopt a seal;
- (Q)(P) To certify all official acts of the Plan Commission;
- (R)(Q) To make recommendations to the Common Council or other bodies concerning any other matter within the jurisdiction of the Plan Commission, as authorized by the advisory planning law (Indiana Code 36-7-4: Local Planning and Zoning);
- (S)(R) To approve or delegate the assignment of street numbers to lots and structures and the naming of streets, including renumbering or renaming;
- \bigoplus (S) To authorize a Plat Committee pursuant to Indiana Code 36-7-4-701(e);
- (U)(T) To permit, require, modify, and terminate commitments;
- (V)(U) To hear appeals from final plan decisions by staff; as authorized elsewhere in Indiana Code Title 36; and
- (W)(V) To exercise such other powers and perform such other duties as are allowed by Indiana law in connection with this UDO.

(2) Membership, Term, and Organization

The Plan Commission shall be composed as set forth in Chapter 2.13: (Plan Commission) of the Bloomington Municipal Code in accordance with Indiana statute.

(3) Conflicts

- (A) Pursuant to Indiana Code § 36-7-4-223, a member of the Plan Commission may not participate in a hearing or decision of the Plan Commission concerning a zoning matter in which he or she has a direct or indirect financial interest. The Plan Commission shall enter in its records the fact that its member has such a disqualification. As used in this section, "zoning matter" does not include the preparation or adoption of a Comprehensive Plan.
- (B) A member of the Plan Commission or the Common Council may not directly or personally represent another person in a hearing before the Plan Commission or Common Council concerning a zoning matter.

(d) Board of Zoning Appeals

(1) Jurisdiction and Authority

The Board of Zoning Appeals shall have the following jurisdiction and authority subject to the provisions of this UDO:

(A) To hear and decide upon petitions for development standards variances from this UDO;

(B) To hear and decide upon petitions for use variances from this UDO;

- (C)(B) To hear and decide upon petitions for conditional use permits;
- (D)(C) To establish or extend time limitations placed upon variances and conditional uses;
- (E)(D) To permit or require commitments under Indiana Code § 36-7-4-921 as a condition of approval of a variance or conditional use;
- (F)(E) To hear and determine appeals from:
 - i. Any order, requirement, decision, or determination made by an administrative office, Hearing Officer, or staff member under this UDO;
 - ii. Any order, requirement, decision, or determination made by an administrative board or other body except the Plan Commission in relation to the enforcement of this UDO;
 - iii. Any order, requirement, decision, or determination made by an administrative board or other body except the Plan Commission in relation to the enforcement of this UDO requiring the procurement of a certificate of zoning compliance or certificate of occupancy.
- (G)(F) Upon reasonable written request, to make its special knowledge and expertise available to any official, department, board, or commission of the city, to aid them in the performance of their respective duties relating to this UDO and its administration; and
- (H)(G)To exercise such other powers and perform such other duties as are allowed by Indiana law in connection with this UDO.

(2) Membership, Term, and Organization

The Board of Zoning Appeals shall be composed as set out in Chapter 2.15: (Advisory Board of Zoning Appeals) of the Bloomington Municipal Code in accordance with Indiana statute.

(3) Meetings and Procedures

- (A) Meetings of the Board of Zoning Appeals shall be conducted in accordance with the rules established by the Board of Zoning Appeals;
- (B) The Board of Zoning Appeals shall adopt rules of procedure, which may not conflict with this UDO, concerning the:
 - i. Filing of appeals;
 - ii. Petition for use variances, development standards variances, and conditional uses;
 - iii. Giving of notice; and
 - iv.—Conduct of hearings; and
 - v.iv. Determination of whether a variance petition is for a use variance or development standards variance.
- (C) The Board of Zoning Appeals may also adopt rules of procedure:
 - i. Governing the creation, form, recording, modification, enforcement, and termination of commitments
 - ii. Designating those specially affected persons and classes of specially affected persons who are entitled to enforce commitments.
- D) Rules adopted by the Board of Zoning Appeals shall be printed and be made available to all petitioners and other interested persons.

- (I) Ensure that maintenance is provided within the altered or relocated portion of said watercourse so that the flood-carrying capacity is not diminished;
- (J) Review certified plans and specifications for compliance;
- (K) Verify and record the actual elevation of the lowest floor (including basement) of all new or substantially improved structures, in accordance with Section 20.06.050(d) (Floodplain Development Permit); and
- (L) Verify and record the actual elevation to which any new or substantially improved structures have been floodproofed in accordance with Section 20.06.050(d) (Floodplain Development Permit).

(g) Hearing Officer

(1) Authority

The Hearing Officer, as may be authorized in the Plan Commission rules of procedure, shall have authority to act upon those matters, if any, delegated by the Plan Commission pursuant to Indiana Code 36-7-4-923, which may include to approve or deny a:

- (A) Development standards vVariance from this UDO in accordance with Indiana Code 36-7-4-918.5; and
- (B) Conditional use under the terms of this UDO in accordance with Indiana Code 36-7-4-918.2 خ
- (C) Use variance from this UDO in accordance with Indiana Code 36-7-4-918.4. The Hearing Officer may consider use variances pursuant to that authority only if all of the following applies to the use variance request:
- (D) The request is for expansion of a use currently existing on the property; and
- (E)(B) The request is for a use that is consistent with the Comprehensive Plan.

(2) Procedures

The Hearing Officer shall review and hear petitions pursuant to procedures adopted by the Plan Commission by rule in accordance with Indiana Code 36-7-4-923 and Indiana Code 36-7-4-924. Where feasible and permissible, those procedures shall allow for the consolidation and simultaneous review of approvals connected with petitions relating to the same site.

(3) Appeals

Any interested person may appeal a decision by the Hearing Officer to the Board of Zoning Appeals within five days after the decision is made.

(h) Plat Committee

(1) Authority

The Plat Committee, as may be authorized in the Plan Commission Rules of Procedure, shall have authority to act upon those matters, if any, delegated to it by the Plan Commission, pursuant to Indiana Code 36-7-4-701(e), which may include approval or denial of:

- (A) Primary plats;
- (B) Secondary plats;
- (C) Requests for vacation of plats or parts of plats.

(4) Minor Modification Review Process

(A) Petition Submittal and Handling

A petition for a minor modification shall only be submitted and reviewed concurrently with a petition for a conditional use permit, temporary use permit, site plan review (minor or major), or plat approval (primary or secondary). Each UDO standard in Table 06-2 shall be considered a separate minor modification request as it relates to the approval criteria in Section 20.06.080(a)(5), but multiple modifications may be considered in one minor modification petition.

(B) Review and Decision

- i. Where the concurrently reviewed petition requires review and approval by the planning and transportation staff, the Planning and Transportation Director shall review the petition and shall approve, approve with conditions, or deny the modification based on the criteria in Section 20.06.080(a)(5).
- ii. Where the concurrently reviewed petition requires review and approval by the Plan Commission or Common Council, the commission or council, as applicable, shall review and decide the minor modification petition based on the criteria in Section 20.06.080(a)(5).

(C) Effect of Approval

Approval of a minor modification authorizes only the particular adjustment of standards approved, and only to the subject property of the petition.

(D) Expiration of Minor Modification

A minor modification shall automatically expire if the associated development petition is denied or if approval of the concurrently reviewed petition expires, is revoked, or otherwise deemed invalid.

(5) Minor Modification Approval Criteria

A minor modification may be approved if the decision-making body finds that the modification:

- (A) Will not create a hardship or adverse impacts on adjacent properties unless adequately mitigated;
- (B) Is not necessitated by the petitioner's actions; and
- (C) Is of a technical nature and is required to compensate for an unusual site condition or to protect a sensitive resource, natural feature, or community asset.

(b) Variance

(1) Purpose

The variance procedure provides a mechanism for the City to authorize variances from the development standards or from the use regulations of this UDO when it is demonstrated that such a variance will not be contrary to the public interest or the spirit of this UDO, where, owing to special conditions, literal enforcement of this UDO will result in practical difficulties or unnecessary hardship.

(2) Applicability

(A) **Development Standards and Use Variances**

- The Board of Zoning Appeals or Hearing Officer, in accordance with the procedures established in this UDO, may grant variances from the development standards and use regulations applicable to the zoning district in which the subject property is located.
- ii. It is not within the jurisdiction of the Board of Zoning Appeals or Hearing Officer to grant development standards variances of Chapter 20.05: Subdivision Standards.

Floodplain Variance (B)

- i. The Board of Zoning Appeals or Hearing Officer, in accordance with the procedures established in this UDO, may grant variances from the standards in Section 20.04.040(d) (Flood Hazard Reduction), only when a new structure is to be located on a lot of one half acre or less in size, contiguous to and surrounded by lots with existing structures constructed below the flood protection grade.
- ii. Variances may be granted for the reconstruction, restoration, repair, or rehabilitation of any structure individually listed on the National Register of Historic Places or the Indiana State Register of Historic Sites and Structures. Upon a determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as an "historic structure" and the variance is the minimum to preserve the historic character and design of the structure.
- iii. No variance for a residential use within a floodway that requires a permit for construction in a floodway from the Indiana Department of Natural Resources pursuant to the provisions of IC 14-28-1 or a project that is subject to 20.04.040(d)(7)(A) (Drainage Area Upstream of the Site is Greater than One Square Mile), may be granted.

(3) Variance Review Process

Figure 06.05-3 identifies the applicable steps from 20.06.040 (Common Review Procedures) that apply to variance review. Additions or modifications to the common review procedures are noted below.

1	2	3	4	5	6
Pre-Submittal Activities	Petition Submittal and Processing	Staff Review and Action	Scheduling and Notice of Public Hearings	Review and Decision	Post-Decision Actions and Limitations
Pre-submittal meeting required (see text below for DRC meeting)	Submit to Planning and Transportation Department	Staff report and recommendation	Published, mailed, and posted notice required	Board of Zoning Appeals or hearing officer	Expiration after three years if not used

Figure 06.08-1: Summary of Variance Procedure

2. Affordable Housing Incentive Criteria

In addition to the general approval criteria in subsection (1) above, the Board of Zoning Appeals or Hearing Officer may grant a variance from Section 20.04.070(d)(4) (Neighborhood Transition Standards) for any project that qualifies for the affordable housing incentives established in Section 20.04.110(c) (Affordable Housing) if the petitioner can demonstrate that:

- [a] The neighborhood transition standards substantially reduce or eliminate the building height incentive that would otherwise be allowed through the affordable housing incentive; and.
- [b] The development impact to abutting and adjacent properties is minimized through building placement, design, and massing.

3. Determinate Sidewalk Variance Approval Criteria

While not to be included as separate findings of fact, items to consider when determining the practical difficulties or peculiar conditions associated with a determinate sidewalk variance include, but are not limited to:

- [a] That the topography of the lot or tract together with the topography of the adjacent lots or tract and the nature of the street right-of-way make it impractical for construction of a sidewalk; or
- [b] That the pedestrian traffic reasonably to be anticipated over and along the street adjoining such lot or tract upon which new construction is to be erected is not and will not be such as to require sidewalks to be provided for the safety of pedestrians; or
- [c] The adjacent lot or tracts are at present developed without sidewalks and there is no reasonable expectation of additional sidewalk connections on the block in the near future; or
- [d] The location of the lot or tract is such that a complete pedestrian network is present on the other of the street on the same block; or
- [e] Uniformity of development of the area would best be served by deferring sidewalk construction on the lot or tract until some future date.

ii. Use Variance

Pursuant to Indiana Code 36-7-4-918.4, the Board of Zoning Appeals or the Hearing Officer may grant a variance from use if, after a public hearing, it makes findings of fact in writing, that:

- 1. The approval will not be injurious to the public health, safety, morals, and general welfare of the community; and
- 2. The use and value of the area adjacent to the property included in the use variance will not be affected in a substantially adverse manner; and
- 3. The need for the use variance arises from some condition peculiar to the subject property itself; and
- 4. The strict application of the terms of the Unified Development Ordinance will constitute an unnecessary hardship if they are applied to the subject property; and
- 5. The approval of the use variance does not interfere substantially with the goals and objectives of the Comprehensive Plan.

iii.Floodplain Variance

1 Review Considerations

In reviewing floodplain variance requests, the Board of Zoning Appeals or the Hearing Officer shall consider all technical evaluations, all relevant factors, all standards specified in other sections of this ordinance, and the following:

- [a] The danger of life and property due to flooding or erosion damage.
- [b] The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner.
- [c] The importance of the services provided by the proposed facility to the community.
- [d] The necessity of the facility to a waterfront location, where applicable.
- [e] The availability of alternative locations for the proposed use which are not subject to flooding or erosion damage.
- [f] The compatibility of the proposed use with existing and anticipated development.
- [g] The relationship of the proposed use to the Comprehensive Plan and floodplain management program for that area.
- [h] The safety of access to the property in times of flood for ordinary and emergency vehicles.
- [i] The expected height, velocity, duration, rate of rise, and sediment of transport of the floodwaters at the site.
- [j] The costs of providing governmental services during and after flood conditions, including maintenance and repair of public utilities and facilities such as sewer, gas, electrical, and water systems, and streets and bridges.

2. Review Criteria

The Board of Zoning Appeals or the Hearing Officer may grant a floodplain variance if, after a public hearing, it makes findings of fact in writing, that there is:

- [a] A showing of good and sufficient cause;
- [b] A determination that failure to grant the variance would result in exceptional hardship;
- [c] A determination that the variance is the minimum necessary, considering the flood hazard, to afford relief; and
- [d] A determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud or victimization of the public, or conflict with existing laws or ordinances;

i∨.iii. Commitments

1. The Zoning Board of Appeals or the Hearing Officer may allow or require the owner of a parcel of real property to make a written and recorded zoning commitment concerning use and/or development of that parcel in connection with approval of a variance pursuant to Section 20.06.040(d)(8) (Commitments).

- 2. Upon approval of a determinate sidewalk variance, the Planning and Transportation Department staff shall prepare a zoning commitment indicating that the determinate sidewalk variance was approved, and that future installation of sidewalk may be required. The petitioner shall record the zoning commitment in the Monroe Office of the Monroe County Recorder before a certificate of zoning compliance is issued.
- 3. If the owner of a parcel of real estate fails to accept a condition imposed, or to make a commitment allowed or required, by the Hearing Officer, then the owner's petition shall be considered withdrawn or, if requested by the owner, shall be transferred to the Board of Zoning Appeals.

(F) Post-Decision Actions and Limitations

i. Effect of Approval

- 1. The granting of a variance from the development standards authorizes the development and establishes the terms of use.
- 2. The granting of a use variance authorizes the use and establishes the terms of use.
- 3.2. Variances are also subject to site plan requirements, all necessary permits and approvals, and other applicable requirements. All required permits shall be obtained before any grading, construction, or use commences.

ii. Signature and Notice

1. Generally

- [a] The findings of fact shall be signed by the chair of the Board of Zoning Appeals or the Hearing Officer.
- [b] The staff shall furnish the petitioner with a copy of the decision of the Board of Zoning Appeals or Hearing Officer.

2. Floodplain Variance

- [a] Any applicant to whom a variance is granted that allows the lowest floor of a structure to be built below the flood protection grade shall be given written notice over the signature of a community official that:
 - i. Specifies the difference between the Flood Protection Grade and the elevation to which the lowest floor is to be built and stating that the cost of the flood insurance will be commensurate with the increased risk resulting from the reduced lowest floor elevation.
 - ii. Clarifies the issuance of a variance to construct a structure below the flood protection grade will result in increased premium rates for flood insurance up to amounts as high as 25 dollars for 100 dollars of insurance coverage; and
 - iii. Such construction below the flood protection grade increases risks to life and property.
- [b] The Floodplain Administrator shall maintain a record of all variance actions, including justification for their issuance.

Variance, Use

The approval of a land use other than that prescribed by this UDO, granted pursuant to Indiana Code 36-7-4-918-4

Vehicle

See "Motor vehicle."

Vehicle Fleet Operations

A central facility for the dispatch, distribution, storage, staging, and loading of vehicles that are owned, leased, or operated for a common purpose, with or without associated offices. Typical uses include, but are not limited to, ambulance service, taxi dispatch, meals-on-wheels dispatch, staging areas for shared vehicle services, and other operations that require frequent arrival and departure of cars or vans such as courier, delivery, and express services, cleaning services, key and lock services, security services, and taxi services. This use does not include a "Transportation Terminal."

Vehicle Fleet Operations, Small

A facility or establishment designed to accommodate up to 25 vehicles.

Vehicle Fleet Operations, Large

A facility or establishment designed to accommodate more than 25 vehicles.

Vehicle Fuel Station

A facility limited to retail sales to the public of gasoline, biodiesel, electricity, ethanol fuel blends, hydrogen, natural gas or other fuels for motor vehicles, as well as motor oil, lubricants, travel aides, and minor automobile accessories. When a primary use of land, accessory use may include convenience food and beverage sales.

Vehicle Impound Storage

A lot or part of a lot used only for the temporary storage of damaged, abandoned or impounded motor vehicles, excluding salvage and sales. This use does not include "Salvage or Scrap Yard," except where separately permitted.

Vehicle Parking Garage

A structure or portion of a structure composed of one or more levels or floors used exclusively for the parking or storage of motor vehicles. A parking structure may be totally below grade (as in an underground parking garage) or either partially or totally above grade, with those levels being either open or enclosed. This use does not include a primary use surface parking lot.

Vehicle Repair, Major

An establishment primarily engaged in vehicle repair, rebuilding, reconditioning, or mechanical servicing of motor vehicle engines, transmissions, frames, including auto body repairs, framework, welding, and major painting. This use does not include "Vehicle Fuel Station or Vehicle Wash"

Vehicle Repair, Minor

An establishment primarily engaged in providing minor motor vehicle repair services such as lubrication, oil and tire changes, engine tune-ups, brake repair, tire replacement, interior and exterior cleaning and polishing, installation of after-market accessories such as tinting, auto alarms, spoilers, sunroofs, headlight covers, and similar items. This definition does not include engine degreasing or major repairs such as vehicle bodywork, painting, or repair of engines or transmissions or "Vehicle Fuel Station or Vehicle Wash"

Synopsis and Legislative Intent (brief description of amendment and its motivation)

Presently there is no mention of noisy machinery, but protecting neighbors from noise is just as important as protecting neighbors from unsightliness, especially because noise is a health issue and not only an aesthetic issue.

Council Action - [Date]:

Amendment (indicate text added in **bold** and text to be deleted via strikeout)

E.g., Except for as necessary for the development of the Convention Center site, discourage large footprint buildings (i.e. with a maximum size greater than of a quarter of a block) in order to encourage local developers and businesses and better urban form create a more pedestrian-friendly public realm.

20.04.120 Operation and Maintenance

(e) Noise

All activities shall comply with Chapter 14.09 (Noise Controls) of the Bloomington Municipal Code regarding permissible levels of noise and shall be conducted so as to avoid the creation of any noise that would create a public nuisance interfering with the use and enjoyment of adjacent properties. Any amplified sound equipment shall be mounted so as to direct sound inward from property boundaries, rather than outward towards property boundaries. Amplified sounds at a level higher than 65 decibels (the level of normal conversation) shall not be allowed to cross lot lines unless an approval has been issued for that purpose in connection with a special event. The operation of machinery such as HVAC equipment, ventilation and, generators, and engines that service buildings and other structures are subject to, and to the extent required by, Chapter 14.09, shall comply with its provisions.

20.06.050 Development Permits and Procedures

- (b) Conditional Use Permit
- (3) Conditional Use Permit Review Process

(A) Pre-Submittal Activities

- i. A pre-submittal meeting shall be held in accordance with Section 20.06.040(b)(1) (Pre-Submittal Meeting).
- ii. A pre-submittal neighborhood meeting shall be held in accordance with Section 20.06.040(b)(3) (Pre-Submittal Neighborhood Meeting).
- iii. ii. Petitions subject to review and decision by the Hearing Officer shall not require a development review committee meeting or a pre-submittal neighborhood meeting.
- iv. iii. For petitions subject to review and decision by the zoning board of appeals, a development review committee meeting and pre-submittal neighborhood meeting may be required by the Planning and Transportation Director, in accordance with Section 20.06.040(b)(2) (Development Review Committee (DRC) Meeting) and Section 20.06.040(b)(3) (Pre-Submittal Neighborhood Meeting).

Ordinance 19-24: To Repeal and Replace <u>Title 20</u> (linked) of the Bloomington Municipal Code entitled "Unified Development Ordinance" Please complete all fields indicated in <u>yellow</u>.

Synopsis and Legislative Intent	(brief description of amendment and its motivation)						
This amendment is proposed	by Cm. Sandberg at the request of staff. The amendment lots and the respective setbacks are based on highest class						

Council Action – [Date]:

Amendment (indicate text added in **bold** and text to be deleted via strikeout)

E.g., Except for as necessary for the development of the Convention Center site, discourage large footprint buildings (i.e. with a maximum size greater than of a quarter of a block) in order to encourage local developers and businesses and better urban form create a more pedestrian-friendly public realm.

20.06.090 Nonconformities

(f) Nonconforming Site Features

(2) Limited Compliance

(B) Required Compliance

A lawful nonconforming site or structure that meets or exceeds the thresholds established in paragraph (A) above shall comply with the following standards:

i. Buildings Setbacks and Height

Existing buildings shall not be subject to current setback or height standards and shall remain lawful nonconforming unless completely demolished and replaced, in which case full compliance with this UDO shall be required.

ii. Parking Setback/Impervious Surface Coverage

If a site can be brought closer to compliance with required setbacks or impervious surface coverage standards through the removal of excess parking above the maximum number of permitted spaces, then such setbacks or impervious surface coverage standards shall be met with the removal of paved and gravel covered areas and the addition of vegetation. If all setbacks cannot be achieved through the removal of such paved and gravel covered areas, priority shall be given to the front setback. If a corner lot, then priority for front setbacks shall be given for the side facing the higher classified street.

20.07.10 Defined Words

Fraternal Organization

See "Club or Lodge."

Fraternity or Sorority House

A building or portion of a building used for sleeping accommodations, with or without accessory common rooms and cooking and eating facilities, for groups of unmarried-students where the most students living in the building are enrolled at the same college or university, are active members of the same fraternity or sorority, and the fraternity or sorority has been officially recognized by and maintains active affiliation with the college or university. the Indiana University Bloomington campus and the students living in the building hold themselves to be or are reasonably considered by others in the university community to be members of, or affiliated with, an organization that is generally recognized as a college/university social fraternity or sorority. This use shall also include a building or portion of a building in which individual rooms or apartments are leased to individuals, but occupancy is limited to members of a specific fraternity or sorority, regardless of the ownership of the building, provided that the students living in the building are enrolled at the same college or university, or the means by which occupancy is so limited, provided that most students are enrolled at the Indiana University Bloomington campus, active members of the same fraternity or sorority, and the fraternity or sorority has been officially recognized by and maintains active affiliation with the college or university.

Freeboard

A factor of safety, usually expressed in feet above the BFE, which is applied for the purposes of floodplain management. It is used to compensate for the many unknown factors that could contribute to flood heights greater than those calculated for the base flood.

Chapter 20.07 Definitions

20.07.10 Defined Words

Use, Accessory

An activity that is conducted or located on the same zoning lot as the primary building or use served, except as may be specifically provided elsewhere in this UDO; is clearly and customarily incidental to, subordinate in purpose to, and serving the primary use; and is either in the same ownership as the primary use or is clearly operated and maintained solely for the comfort, convenience, necessity, or benefit of the occupants, employees, customers, or visitors of the primary use.

Use, Change In

Includes, for any portion of a building, structure, or lot:

- (1) Any change from a residential use to a nonresidential use;
- (1)-(2) Any change from a nonresidential use to a multifamily use;
- (2) (3) Any change from one residential land use to another, any increase in the number of dwelling units, and any increase in number of bedrooms for any unit;
- (3) (4) Any establishment of a use on a previously unused site, or the inclusion of a new use in addition to an existing use;
- (4) (5) Any use which requires a conditional use approval;
- (5) (6) Any change from a single-tenant to a multi-tenant site or building;
- (6) (7) Any use that differs from the previous use of a building or land, as determined by subheadings in Table 3-1: Allowed Use Table, or where the new use differs substantially in the amount of required parking, traffic generation, number or frequency of customers/users, hours of operation, or other similar aspects of the use; and
- (7) (8) Any establishment of a new use after a previous use has been abandoned, as defined by this UDO.

Use, Conditional

See "Conditional use."
