

The following is proposed language, which is intended to apply for Convention Center Expansion Project expenses, and is subject to approval the Mayor of Bloomington, the Common Council of the City of Bloomington, the Monroe County Board of Commissioners, and the Monroe County Council:

The Monroe County Commissioners, the Mayor of Bloomington, the Monroe County Council, and the City of Bloomington Common Council agree to conditional approval of appropriations made by either the City of Bloomington Common Council or the Monroe County Council for the Convention Center Expansion Project. The appropriations are to be contingent upon a mutually-negotiated and agreed upon, written contract or agreement between the City and the County, evidencing their mutual support for the expense. This would apply to appropriations previously approved as well as those made in the future, which are related to the Expansion Project.

If dollars from either the Food and Beverage Tax funds or the Innkeepers' Tax are intended to or will be the source of payment for expenditures, agreements, contracts, or invoices related to the Expansion Project, those must be supported by a written agreement, which was negotiated and approved by both the City and County. It is the County and City's shared expectation and directive that the parties shall bilaterally negotiate and approve any contracts, agreements, or invoices related to the Expansion Project, if those contracts, agreements, or invoices are intended to or will be paid with dollars from either the Food and Beverage Tax dollars or the Innkeeper's Tax.
