Dear councilmembers,

Deputy Mayor Carmichael asked that I pass along concerns the Mayor's Office received from IU related to Resolution 23-13. IU has apparently indicated to the Mayor's Office that they are concerned about potential impacts to technology-related research funding IU receives. I don't know much more than this, but the Mayor's Office told me someone from IU would be in attendance at tonight's meeting to speak to this item.

Best,
Stephen
