**FISCAL PLAN SUMMARY
SOUTH-WEST B BLOOMINGTON ANNEXATION**

The City of Bloomington is considering annexing nine* separate areas currently located outside of but contiguous to the City. If adopted, these annexations would not take effect until January 1, 2020. As a part of the process, the City engaged Reedy Financial Group P.C., which specializes in local government finance, to work with City departments to analyze and prepare a written fiscal plan and definite policy for the extension of City services to each annexation area, as well as the estimated effect on taxpayers, municipal finances, and other political subdivisions. The specific ordinance and fiscal plan resolution numbers for these nine annexations are as follows:

Area	Name	Ord. No.	Fiscal Plan Res. No.
1A*	South-West A	Ord 17-09	Res 17-16
1B*	South-West B	Ord 17-10	Res 17-17
1C*	South-West C	Ord 17-11	Res 17-18
2	South-East	Ord 17-12	Res 17-19
3	North Island	Ord 17-13	Res 17-20
4	Central Island	Ord 17-14	Res 17-21
5	South Island	Ord 17-15	Res 17-22
6	Northeast	Ord 17-16	Res 17-23
7	North	Ord 17-17	Res 17-24

This document provides a detailed summary of information set forth in each fiscal plan resolution. A complete copy of the fiscal plan is available on the City’s website dedicated to the proposed annexations, located at bloomington.in.gov/annex.

FISCAL PLAN FORMAT & OVERVIEW

The fiscal plan generally includes three parts. The first part provides a comprehensive review of the annexation areas and overall plan for the extension of City services, including:

- an overview of the proposed annexation areas and their growth and development;
- maps of the individual annexation areas;
- basic data for the annexation areas, including property tax rate information, population estimates, and road miles;
- a description of the services provided by the City by department, with the overall estimated additions for each department as a result of the comprehensive annexation proposal, and the timing of providing those services to the annexation areas;
- an estimate of the combined revenue for all annexation areas, followed by the overall range of estimated noncapital and capital costs by department, and the projected

* The areas being considered are the same areas originally proposed as seven separate annexations, with Area 1 now split into three separate areas: 1A, 1B, and 1C.

- range of combined revenues compared against costs;
- the estimated impact on taxes and revenues for other impacted taxing units in the County, including information related to current revenue, reductions in service responsibilities for other fire providers, and available cash balances; and
- data on the average estimated financial impact on landowners, including tax rates of comparable municipalities.

The second part of the fiscal plan provides a detailed breakdown of projected noncapital and capital costs by department, estimated revenue, and estimated revenue compared to costs for each separate annexation.

Part three of the fiscal plan includes a list, for each annexation, of all parcels in the annexation territory, including the owner name, parcel identification number, most recent assessed value, and whether the City has identified a waiver of the right to remonstrance for the respective parcels. In addition, as discussed below, the City has prepared a parcel-by-parcel analysis of the estimated financial impact of the annexation, which is also available on the website at bloomington.in.gov/annex.

EXTENSION OF SERVICES

As is more fully outlined in the fiscal plan, all City noncapital services (such as police and fire protection, street and road maintenance, etc.) will be provided within one year of the effective date, and in some instances immediately upon the effective date. For example, the City would immediately begin providing fire service in 2020 in all areas currently included in a fire protection district. All City capital services (such as street construction, street lighting, storm water drainage, etc.) will be provided to the annexation areas within three years of the effective date.

The table below itemizes the capital and non-capital municipal services of the City by department, and shows the projected date that those services will be provided. Further details are provided in the fiscal plan for each annexation, as noted above.

Service/Department	Non-Capital Services Provided Within (from effective date)	Capital Services Provided Within (from effective date)
Legal	1 year	N/A
Controller	1 year	N/A
Community & Family Resources	1 year	N/A
Parks	1 year	3 years
Human Resources	1 year	3 years
Mayor	Immediately	N/A
Public Works	1 year	3 years
Housing & Neighborhood Development	1 year	3 years
Planning & Transportation	1 year	N/A

Information Technology	1 year	3 years
Economic & Sustainable Development	1 year	N/A
Common Council	Immediately	N/A
City Clerk	Immediately	N/A
Police	1 year	3 years
Fire	Immediately within fire district, otherwise 1 year	Immediately within fire district, otherwise 3 years
Utilities	1 year	3 years
Transit	1 year	3 years

In all cases, the level of services will be provided in a manner consistent with how they are provided to similarly situated areas of the City, or as is otherwise required by applicable law. The total estimated costs will depend on the areas ultimately annexed, but the City anticipates hiring additional personnel for Fire, Police, Utilities, Public Works, Planning, Parks, Information Technology, Human Resources, Housing & Neighborhood Development, and/or the Community & Family Resources Departments. Examples of major proposed capital expenditures for the annexations include, among other expenses, the construction of two new fire stations and the expansion of a current station with related fire equipment and engines, street and sanitation equipment (e.g., trash service trucks), and funding for new trails and parks.

The fiscal plan's total estimated ranges of noncapital and capital costs for the first year (assuming full capital expenditures in year 1) for each department are set forth in the table below. A further breakdown of each department and each annexation area for the first four years following the effective date is set forth in the fiscal plan.

Service/Department	Total Estimated Range of Non-Capital Costs	Total Estimated Range of Capital Costs

Utilities	N/A	N/A
Transit	\$160,000	\$130,000

The City anticipates issuing a bond in the first year the annexations become effective, payable from the revenue stream from the annexations (i.e., as a part of the already anticipated new revenue, not as a separate tax rate), for the capital costs. In this way, the City will have the funding available for the capital expenditures as soon as the annexations become effective. The funds will be available for the capital costs as the projects are ready for purchase or construction.

FINANCIAL IMPACT

Annexations add a municipal “layer” of property taxes to the existing tax layers on a property (school, county, township, library, etc.), and the City anticipates that most properties in the annexation areas will experience a tax increase after the annexations are effective. In other words, if properties are annexed effective 2020, they would begin paying the City’s tax “layer” with their 2021 property tax payment.

The estimated property tax rates pre- and post- annexation (including with the proposed bond issue) from the fiscal plan, broken down by which township a property is located within, is as follows:

Township	Proposed Annexation Areas	Pay 2016		Pro Forma Post Annexation Tax Rates
		Unincorporated Taxing District Property Tax Rate	Pay 2016 Incorporated Taxing District Property Tax Rate	
Bloomington Township	1,2,3,6,7	\$1.4823	\$2.0677	\$2.0303
Perry Township	1,2,4,5	\$1.3258	\$2.0639	\$2.0432
Richland Township	1	\$1.6637	\$2.4287	\$2.3913
Van Buren Township	1	\$1.4712	\$2.0991	\$2.0617
Benton Township	2	\$1.2919	Not Applicable	\$2.0252
Salt Creek Township	2	\$1.3306	Not Applicable	\$2.0424

The fiscal plan includes data showing that these post-annexation rates for Bloomington are substantially lower than the rates paid by property owners in other cities and towns (and even some unincorporated areas) around the state. As the tables below demonstrate, property taxes in Bloomington are the lowest of surrounding cities and towns, and the second lowest of the 21 largest cities in Indiana.

The fiscal plan also provides that many property owners will also see offsets against the post-annexation tax rates, including:

- credits based on tax caps (no one will pay property taxes of more than 1% of the assessed value for their residential homestead, regardless of whether inside or outside of the City);
- lower potential insurance costs due to the City's strong ISO rating for fire service;
- decreases in stormwater fees and water charges, which are both lower for City residents;
- a potential increased federal income tax deduction;
- homeowners over 65 with a homestead assessed value under \$160,00 and adjusted gross income less than \$30,000 will experience no more than a 2% increase in their property taxes in any year; and

- property assessed as agricultural would not see a property tax increase from the annexation while it remains agricultural.

The annexation areas also will not pay for any existing City debt, meaning the annexation areas will pay a lower City tax rate than property owners in the City currently. As referenced above, as part of the fiscal plan Reedy Financial Group has prepared a detailed parcel-by-parcel analysis of the anticipated fiscal impact from annexation. This parcel-by-parcel analysis is available on the City’s annexation website, bloomington.in.gov/annex.

The fiscal plan also includes the estimated impact on the revenues of other taxing units in the county. The total estimated impact on each of these taxing units according to the fiscal plan, if all currently proposed areas are annexed, is set forth in the table below.

Unit	Total Revenue	Projected Revenue	% Projected	Total Budget for All Funds
		Impact from Annexation	Revenue Impact from Annexation

Benton Township	\$ 470,434	\$ (4,576)	-1.0%	\$ 417,599
Bloomington Township	\$ 1,878,734	\$ (268,006)	-14.3%	\$ 2,371,137

Salt Creek Township	\$ 324,912	\$ (10,729)	-3.3%	\$ 254,403
Van Buren Township	\$ 2,593,739	\$ (950,443)	-36.6%	\$ 2,447,029
Perry Clear Creek Fire Protection District	\$ 2,329,167	\$ (753,542)	-32.4%	\$ 2,371,500
Monroe County Solid Waste District	\$ 2,032,111	\$ (13,616)	-0.7%	\$ 2,723,277

The City anticipates that a substantial portion of the revenue losses to these taxing units can be offset by a decrease in service responsibility. For example, according to the fiscal plan the biggest impact as a percentage of existing budgets is to fire departments currently responsible for serving the respective annexation areas. Following annexation, the fire departments will no longer be responsible for serving those areas. While the decrease in service responsibility can be calculated in different ways, the table below shows the fiscal plan’s estimated decrease based on the net assessed value of the areas they no longer must serve.

Fire Provider	Decrease in Service Responsibility (based on net assessed value)
Bloomington Township	26.53%
Richland Township	29.76%
Van Buren Township	44.89%
Perry Clear Creek Fire Protection District	44.42%

Moreover, where appropriate, the City is willing to work with the existing fire providers on the potential transfer of existing assets and facilities in a manner that is in the best interest of both fire departments and the newly annexed areas. And while the City cannot guarantee employment to any individual or group and there are numerous factors that must be weighed in hiring decisions, the City intends to provide a point preference in the scoring system to township firefighters whose jobs may be impacted by the annexations. This preference is permitted by IC 36-8-4-10(b)(3), and would provide a scoring advantage to a township firefighter impacted by the annexations over another similarly qualified candidate.

All residents in the annexation areas will also continue to pay property taxes to Monroe County for county services, as current City residents do. In other words, all City residents will continue to support county services like the Monroe County Courts System, County Jail, Sheriff's Office, and even the County road system located outside of the City. Monroe County will also have the option of keeping its full tax levy after annexation, meaning there is not an automatic decrease in its property tax levy that coincides with decreased responsibility. The primary services currently provided by the County in the annexation areas that would become the responsibility of the City include police protection, road maintenance, stormwater, planning, sanitation, and economic development services. The fiscal plan indicates that the County's loss of revenue from annexation is largely a result of the tax caps and a share of levy related funding for services to the annexation area – like the gasoline taxes for road funding – being shifted to the City along with the service responsibility. However, according to the fiscal plan, the total revenue loss to the County (\$2,206,067) is still less than new revenue gained by the County beginning with the 2017 local income tax allocation (\$2,391,864) – a net gain to the County of \$187,797, regardless of the loss of responsibility for some services in the annexation areas. The fiscal plan also shows that the County's certified share of county option income taxes after annexation is still expected to grow from \$10.3 million in 2016 to \$11.5 million by the fourth year of annexation – meaning the County is expected to gain a \$1.2 million increase in COIT revenue by year four even after annexation. The fiscal plan also identifies over \$60 million in cash reserves (estimated to be an extra \$7.4 million since the beginning of 2016) that could be available to the County to assist in the transition.
