The Indiana Master Naturalist program was offered through the county. Just because it's offered doesn't mean I'm taking advantage of it.

Indiana Rules of Trial Procedure Depositions Upon Oral Examination Rule 30

(e) Submission to witness--Changes--Signing. (1) When the testimony is fully transcribed, the deposition shall be submitted to the witness for reading and signing and shall be read to or by him, unless such reading and signing have been waived by the witness and by each party. "Submitted to the witness" as used in this subsection shall mean (a) mailing of written notification by registered or certified mail to the witness and each attorney attending the deposition that the deposition can be read and examined in the office of the officer before whom the deposition was taken, or (b), mailing the original deposition, by registered or certified mail, to the witness at an address designated by the witness or his attorney, if requested to do so by the witness, his attorney, or the party taking the deposition.

(2) If the witness desires to change any answer in the deposition submitted to him, each change, with a statement of the reason therefor, shall be made by the witness on a separate form provided by the officer, shall be signed by the witness and affixed to the original deposition by the officer. A copy of such changes shall be furnished by the officer to each party.

(3) If the reading and signing have not been waived by the witness and by each party the deposition shall be signed by the witness and returned by him to the officer within thirty (30) days after it is submitted to the witness. If the deposition has been returned to the officer and has not been signed by the witness, the officer shall execute a certificate of that fact, attach it to the original deposition and deliver it to the party taking it. In such event, the deposition may be used by any party with the same force and effect as though it had been signed by the witness.

(4) In the event the deposition is not returned to the officer within thirty (30) days after it has been submitted to the witness, the reporter shall execute a certificate of that fact and cause the certificate to be delivered to the party taking it. In such event, any party may use a copy of the deposition with the same force and effect as though the original had been signed by the witness.
